## Year 3 Explore Nature Through Art!

Our Year 3 children have had a truly inspiring time taking part in a mixed media art project that brought together creativity, nature, and imagination.

Working alongside a talented visiting artist, the children explored the beauty of trees and the natural world in some wonderfully creative ways. They began by listening to a range of natural sounds – from rustling leaves to birdsong – which sparked thoughtful conversations and imaginative responses.

One of the highlights was the chance to talk into a Dictaphone about their favourite tree. The children shared some incredibly thoughtful and personal reflections, showing how deeply connected they felt to the natural world around them.

Throughout the project, they engaged in a variety of hands-on activities, using different art techniques and materials to express their ideas. The artist, who is currently developing an exciting new installation called **CANOPY** at Moors Valley, was so impressed by the children's enthusiasm and creativity.

A huge thank you to the artist and everyone who helped make this unique opportunity possible – we can't wait to see the final piece on display at Moors Valley!
