Home Learning Showcase Success!

This week, we were delighted to welcome families into school for our Home Learning Showcase — and what a fantastic celebration of creativity and effort it was! Each year group proudly displayed their projects, and it was wonderful to see so many parents joining us to share in the children's hard work and achievements.

Our Year 6 pupils impressed everyone with their detailed models of Anderson shelters, linking perfectly to their World War II topic. In Year 5, classrooms were full of colour and sparkle as children presented their carefully crafted solar system projects.

Year 3 took us on a journey around Europe, sharing fascinating facts and eye-catching displays, while Year 2 amazed us with their fiery recreations of the Great Fire of London. Down in Year 1, pupils explored floating and sinking, creating imaginative boats to test their scientific predictions. And in Reception, our youngest learners warmed hearts with their 'Marvellous Me' posters, celebrating what makes each of them special. We are looking forward to sharing Year 4's Roman project next month as well.

It was a joy to see such enthusiasm and pride from our pupils, and to watch families engage so positively with the children's learning. A huge thank you to everyone who supported at home — your encouragement makes all the difference.
