## Getting to School Safely

The safety of our pupils, staff and families is of the upmost importance. After talking to parents and children, the environment before and after school is something that needs improving. There are many cars parked on double yellow lines and across driveways. This is causing problems for people crossing the road and in some instances it is putting our children at risk. We want to make change so this part of the school day is as enjoyable as the six and a half hours in school. To help us, please can you fill in this questionnaire.
