

Flowing into Half Term with Year 5's Volcano Project

Year 5 showcased their fantastic home learning projects in our Volcano Exhibition yesterday, celebrating the hard work and creativity of all pupils.

Children were challenged to either create a model volcano, with many choosing to make theirs erupt, or to produce an information page, poster or PowerPoint presentation about a volcano in Asia, linking to our current geography topic. The quality and effort put into the projects were outstanding, and it was clear how much time and care had gone into each piece of work.

We are extremely proud of the children, and they were equally proud to share their work with staff and classmates. Thank you to everyone at home who supported the children in completing their projects.

Safeguarding

Happy half term to everyone. During the break make sure you stay safe and please also stay safe online.

The internet is an amazing place for learning, creativity, and fun but it's important we help children use it safely and responsibly. This month, remind your child to **think before they click**:

- Only talk to people they know in real life.
 - Keep personal information private (like their full name, address, or school).
- Tell a trusted adult if something online makes them feel worried or uncomfortable.

Dates

World Book Day: Thursday 5th March 2026.

Please come to school dressed as your favourite book character. The best design and effort will win a prize!
